

High Gloss Marker Panels

EGR Zenolite ultra high gloss surfaces are suitable for use as writing display boards in conjunction with many “DryWipe” or “Liquid Chalk Markers.”

The Zenolite panels are suitable for all semi- permanent writing applications around the home, office, educational or institutional applications.

Zenolite panels can be used as permanent wall cladding, decorative feature panels or mounted into frames to become a unique element of style and function in the work or recreational space.

Zenolite panels feature a high gloss acrylic (PMMA) top layer, and are available in a wide range of designer colors. The Dry Wipe and Liquid Chalk markers are also available in a range of vibrant and contrasting colors, allowing a wide choice of presentation techniques and styles to be explored.

Suitable Markers include:

- Expo Dry Erase markers
- Faber-Castell Dry Wipe markers
- Texta Liquid Chalk markers

The panel and marker system offers several other advantages including:

- Low odor
- Vibrant high contrast appearance
- Integrated wall panel design possible
- Environmentally responsible non toxic systems

Care and User Guide:

- The acrylic high gloss surface will not be affected by the repeated use of DryWipe or Liquid Chalk markers as long as the correct cleaning procedures are adopted
- Only use soft microfibre cloths to wipe off the marker ink
- Avoid heavy rubbing of the surface with dry cloths. Moisten the cloth lightly if necessary
- Clean off markers on a weekly basis
- Do not use solvent based markers or whiteboard cleaning solutions at any time
